Y5 Millthorpe Science Workshops

Dear Parents / Carers of children in Year 5,

On 22nd and 26th of June, our Year 5 children will be attending some exciting science workshops at Millthorpe School.

The children will be split into two groups and will attend one session only. The sessions will take place during the school day and will run after lunch from 1.30pm - 2.30pm so children will not need to take a pack up. The sessions are one hour long and aim to provide the children with the opportunity to have a hands-on experience of carrying out science experiments in Millthorpe's science labs. The sessions are risk-assessed and led by Millthorpe teachers and technicians.

The children will be walking to and from the event and will be back in time for the end of the school day. We hope the children find these sessions enjoyable.

Many thanks
Angela Skidmore
