

LKS2 Summer Holiday Activities 2024

The summer holidays are finally here and all of the Dringhouses team hope you have plenty of time to reset, recharge and have fun. We have already started working on loads of interesting and exciting learning topics for Autumn term and we cannot wait to share them with you.

Self in a box

During the first week back we will be taking time to learn all about our new classes. We would like you to bring a box in which has items you have chosen to tell your class all about what makes you, you! It could be a favourite book, lyrics to a song by your favourite band, a photo/drawing of important people in your life.

Reading

Reading is a fantastic way to relax and let your imagination wander. Who needs a summer holiday when you can be transported to magical lands by a book? There are lots of different books to choose from and the summer holidays are a great opportunity to try a new genre or author. <https://exploreYork.org.uk/children/summer-reading-challenge/>

York Explore have launched their Summer Reading Challenge 2024. Sign up at any York library and start reading to earn prizes and certificates.

Times Tables

Next year we will be holding regular TT Rockstar battles, will class 6, 7 or 8 be the LKS2 champions? TT Rockstar accounts are active all summer long so you can build your skills and keep your speed up.

We hope you have the chance to spend time with family and friends this summer doing things you really enjoy. Little Vikings have compiled a list of free activities and events that are happening in York this summer.
